Shur-Gain Feeds n’ Needs Helps Get You Growing

By Linda Harrington

Tough economic times has meant increased sales at Shur-Gain Feeds n’ Needs. Manager Geoffrey Hamlin is pleased to be able to offer today’s cost cutting consumers exactly what they need.

“If people can’t afford to buy it, they grow it,” says Mr. Hamlin. “We offer a wide variety of products from bird seed, livestock feeds, pet food and supplies to everything necessary to put fresh vegetables on your table.”

Mr. Hamlin says he has seen an increase in the number of people buying seeds this year. Shur-Gain carries the popular Vesey’s seed line. Catalogues are available in store for anyone who may wish to plan their garden at home.

Once those seeds are purchased there is no need to shop anywhere else. Shur-Gain carries extensive gardening supplies including fertilizers and a variety of soil mix-

tures. They even carry tools, such as the Matis tiller and Echo power equipment, to help make the job easier.

An exciting new product featured in the Vesey’s catalogue is the Sunlite Indoor Light Garden. One of these units is on display at the store and Geoffrey Hamlin encourages customers to stop by and have a look.

Hamlin says, “Now is the time to get your transplants started and you will see how easy this could be with the Sunlite Garden. The Gardens are available in several sizes, including a table top model for those with limited space. This is a great way to get a head start on spring planting.”

Shur-Gain Feeds n’ Needs is conveniently located at 464 Willow Street, in Truro. Knowledgeable staff are on hand to help first time gardeners make the right choices and to recommend new product lines to seasoned gardeners.
