

# Mo's, must-stop in Five Islands

By Linda Harrington

Stop by for a coffee, curl up with a good book, admire the newest art display, chat with neighbours and sample one of the delicious menu choices for lunch. You can do all this and more at Mo's, opening soon (May 30th) along the Glooscap Trail in Five Islands.

People familiar with the area will recall the former Mel's ("Some Good Food") which closed several years ago. The building is currently undergoing major renovations but Dick Lemon hopes the doors will be open on May 30th to welcome

friends and neighbours.

"I hope that people along the shore will get in the habit of stopping by once a day," says Dick Lemon. "They will take a break from their busy day and come to Mo's for a cup of coffee and a chance to sit down and catch up on the news with others in the community."

Guests at Mo's will notice big comfy chairs and as they enter through the front door with hundreds of books available for sale, rent or borrow and a selection of art on display from the Argyle Gallery of Halifax. A wood fired pizza oven will be

glowing near by and the aroma of freshly baked breads, biscuits and homemade soups will fill the air.

"I hope it gives people the feeling of a living room with lots of things going on," says Dick Lemon.

The building will have wireless internet throughout and the back section will include a ten bed hostel with clean, comfortable, colorful rooms available for travelers.
